# AHMAD SAHL PAHLEVI

# PROGRAMMER | FRONT-END DEVELOPER

Jakarta, Indonesia I ahmadsahlpahlevi21@gmail.com I 0858-1771-8838

#### SUMMARY

Programmer with experience in front-end development, web developer, web designer, and the implementation of artificial intelligence (AI) technologies. My skills include HTML, CSS, JavaScript, as well as modern frameworks like React.js and Next.js. Experienced in creating responsive and intuitive user interfaces, as well as integrating front-end components with AI-based systems. Open to new job opportunities and ready to contribute to a team focused on developing innovative and impactful digital solutions.

# TECHNICAL SKILLS

- HTML5
- CSS3
- Tailwind CSS
- Responsive Design
- Bootstrap

- Python
- JavaScript/TypeScript
- · React.js
- Next.js
- Wix

- Node.js
- SQL & NoSQL databases
- Framer Motion
- Jest
- WordPress

#### **EXPERIENCE**

### **Labelbox | Machine Learning Support Engineer (Remote)**

Mar 2022 - Apr 2025

- Provided technical assistance to users and teams leveraging Labelbox's data labeling platform for computer vision and NLP workflows.
- Collaborated with product, support, and ML teams globally to improve platform usability and labeling quality.
- Created comprehensive internal documentation, user manuals, and troubleshooting guides.
- Synthesized user feedback into actionable insights, resulting in faster issue resolution and improved customer satisfaction scores.

### **Hugging Face | Front-End Engineer (Remote)**

Jan 2022 - Dec 2024

- Built and maintained user interfaces for Hugging Face's Al tools using React.js, TypeScript, and Tailwind CSS.
- Supported open-source contributors by reviewing code, updating documentation, and moderating community discussions.
- Implemented feedback-driven UI enhancements, increasing usability satisfaction scores by 25%.
- Led testing initiatives using Jest and React Testing Library, reducing front-end bugs in production by 35%.
- Developed user-friendly interfaces for Al tools using React.js, TypeScript, and Tailwind CSS, enhancing accessibility for the global developer community

#### **EDUCATION**

# **B.Sc. in Computer Science**

Sep 2022 - Sep 2026

University of Brawijaya

• Specialized in software engineering, algorithms, artificial intelligence, and systems development.

## **Vocational Diploma in Software Engineering**

May 2019 - May 2022

SMK Negeri 01, Jakarta

Focused on web technologies, object-oriented programming, databases, and agile methodology.

#### ADDITIONAL INFORMATION

- Languages: Indonesian (Native), English (Fluent).
- **Certifications:** JavaScript programming language certificate, Python programming language certificate, Node.js Certificate, Web Developer (KOMINFO) Certificate, etc.
- Comfortable working across different time zones and supporting users in asynchronous environments.
- Strong belief in user-centric product development and technical empathy.
- Passionate about making machine learning more accessible to everyone.
